

Engineer a Better World

Life on Mars competition entry form

What item could you not live without on Mars? How would you re-design it to make it work on another planet? It could be anything from your favourite sports kit to your favourite toy. Draw it in the box below and write a few sentences to explain your invention.

Explain your invention here!

Data Protection

The information provided on this form will be processed by the IET for its sole use and that of its associated organisations for the purpose of entry and competition administration to the IET Life on Mars Competition, and where the entrant is a winner, the publication of their name, likeness and country of origin by the IET (or Beano) in any medium. The IET will always obtain consent from a parent or guardian to process the personal data of any child under the age of 16. You can read the full details of our Data Protection Policy on our website at theiet.org/help/privacy.cfm

How to Enter

Send your Mars invention drawing and description to the Institution of Engineering and Technology (IET) to be in with a chance of it being brought to life and then sent to the edge of space – you'll even get to attend the launch! What's more, the lucky winner will be turned into a comic book character in a future Beano!

By email

Email a copy of your entry form to: lifonmars@theiet.org with IET SPACE COMP in the subject line

By post

Send a copy of your entry form to: Life on Mars Competition, The Institution of Engineering and Technology, Michael Faraday House, Six Hills Way, Stevenage, SG1 2AY
